Responsible Minerals Due Diligence

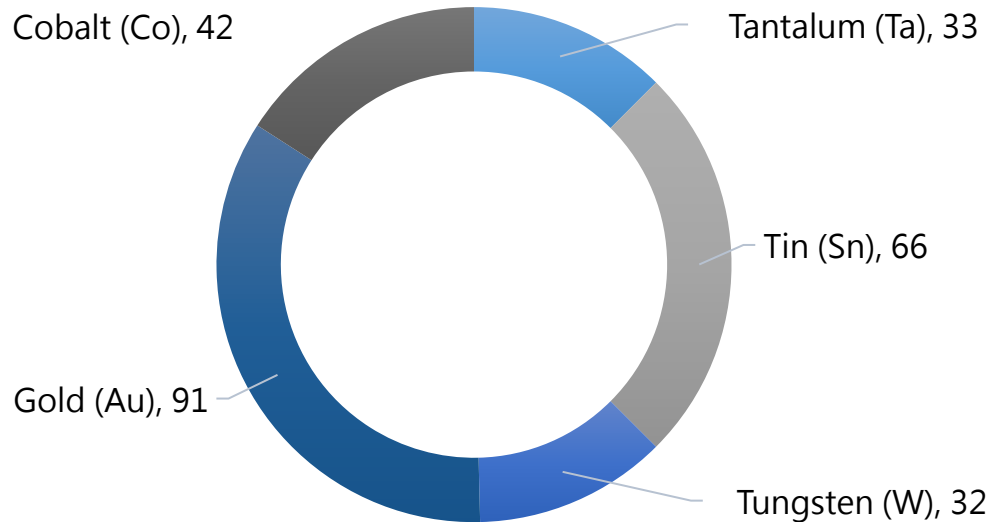

Atemitech Corp. commits to assuming joint responsibility for social and environmental protection with suppliers while supporting and adhering to the Responsible Minerals Initiative (RMI). We pledge not to use conflict minerals sourced from regions affected by armed conflict and high-risk areas, particularly gold (Au), tantalum (Ta), tungsten (W), tin (Sn), and cobalt (Co), which are derived from conflict-affected and high-risk areas (defined as regions with armed conflict, widespread violence, or other risks causing harm to people). All suppliers are required to comply with this commitment and be willing to notify and provide evidence to assist in the investigation of mineral sources and supply chain management processes.
